

STUDIES IN THE SCRIPTURES

(Supplementary Indexes)

CONTENTS

The New Brunswick printing of “*Studies in the Scriptures*” were used for these indexes, as they seem to be the closest in page numbering to the 1916-1917 editions released by Pastor Russell.

Volume references are in order by volume and page. The letters “A” through “F” refer to volumes 1 through 6. The lower case Roman Numerals indicate pages in the author's foreword. If an item occurs multiple times on a page, it is only cited once for that page.

DATE INDEX	Page - 1
----------------------	----------

The Date Index is in chronological order.

NAME INDEX	Page - 5
----------------------	----------

Biblical names are omitted except when the name is also a historically noted person, ie. Cyrus. First names, initials and titles are indicated if known, even if not cited in the volume. Names are listed in last name alphabetical order, even if first name only is used, ie. Bonaparte, Napoleon.

BIBLICAL NAME INDEX	Page - 16
-------------------------------	-----------

This index includes only Biblical names in alphabetical order.

REFERENCE INDEX	Page - 24
---------------------------	-----------

Cited sources. Some names are included in this Index where quotes were given but the publication was not noted.

PLACES INDEX	Page - 28
------------------------	-----------

Geographical locations are listed in alphabetical order.

HEBREW INDEX	Page - 40
------------------------	-----------

Hebrew words are noted in upper case English characters.

GREEK INDEX	Page - 41
-----------------------	-----------

Greek words are noted in upper case English characters.

GROUPS INDEX	Page - 43
------------------------	-----------

This is a collection of groups, classes, bodies, movements, “ites” and “isms.” It is a somewhat subjective selection.

VOCABULARY INDEX	Page - 64
----------------------------	-----------

This is a collection of words used by the Pastor that are used less frequently in today's language. It is an arbitrary selection and does not propose to be complete. It does however illustrate the rich language found in the volumes. In some cases a good dictionary may help.
